PureImage

Teeth Whitening

- Can whiten teeth by 8 to 20 shades
- Results can be visible in first treatment
- Experienced staff, professional grade dental products
- A safe formula causing no pain or irritation

In only one appointment, you can say goodbye to all kinds of stains: tobacco, coffee, tea, wine and more, with a treatment causing no pain or irritation. Our certified experts harness the power of cold-blue-LED-light technology to restore your smiles' brightness without discomfort. The technique virtually eliminates sensitivities through teeth hydration. It is a safe and effective treatment that leads to beautiful white teeth! So bring your smile to our PureImage expert! Using professional grade dental products, we will take good care of you and your smile!
